 - AISD's Student Dress Code was implemented in Fall 2004 to maintain a safe, respectful and positive learning environment and to model good citizenship. All clothing should be appropriate to the student's age, the school setting, and weather conditions. Clothing may not advertise, condone, depict, or promote the use of alcohol, tobacco, or drugs; also prohibited is clothing with vulgar or obscene language, or with images or writings that promote disruption of the educational setting. Specifically, the following clothing items are not longer allowed by AISD: baggy pants, elongated armholes, bare midriffs, halter tops, low cut necklines, oversize shirts, distracting shorts or skirts, spaghetti straps, flip flops and caps/hats.

If you suspect a child is not dressed appropriately, call the office for assistance.
Don't take it upon yourself to call the child's parents.

In case of emergency...

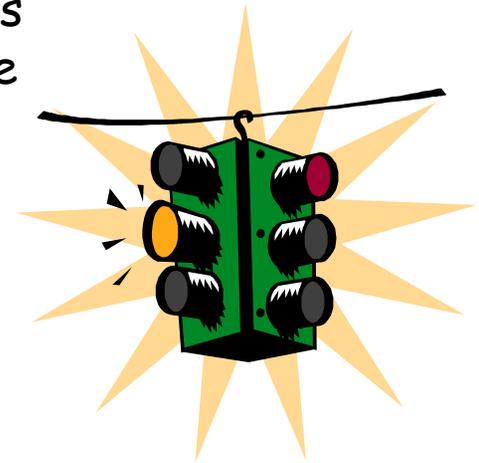

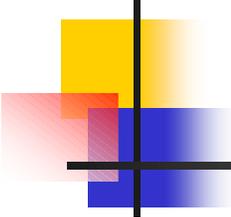

If you are on campus during an emergency drill or actual emergency, please follow the directions of campus staff.

Medicine and Health Care

Policy: Austin ISD policies specify that all medicines must be administered to student by the school nurse or approved staff. It is against district policy for students to self-administer medications or for volunteers or non-approved staff to administer medications to students.

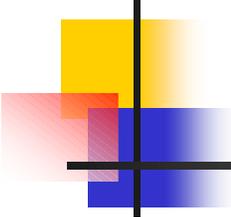

If a child feels ill, please send them to the nurse's office.

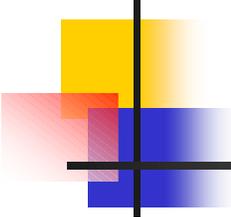

Health, Safety, and Security

- AISD is a smoke-free and drug-free district. You may not smoke or use any tobacco product or consume or possess any illegal substances on school grounds or during school events.
- Bloodborne pathogen safety (HIV, Hepatitis, etc.) Contact with bodily fluids should be avoided. Allow students to clean his/her own injury, wear gloves, or send student to the nurse.

Campus Security

- Barton Hills uses an electronic scanning system to process identification badges. The scan checks for any offenses related to offenses against children.
- If you see an individual at Barton Hills who is not wearing an identification badge or guest sticker, please escort them to the office or call the front office.

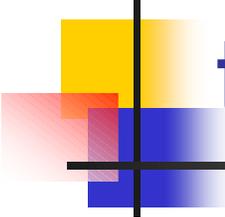

Protection of Student Rights/Privacy

It is imperative that volunteers and staff make every effort to guard the privacy rights of students. Do not discuss students' conduct, grades, abilities, etc with anyone outside the school district or with unauthorized personnel within the school community. Information about students should only be discussed with district personnel who work directly with that student.

Telephones and technology

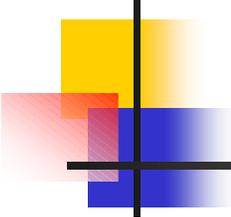

- Please do not allow students to make calls from classroom telephones. A student may be sent to the office with an office pass and a buddy if a phone call is necessary.
- Volunteers or staff shall not be on the computer or the telephone for personal reasons while working.
- Volunteers or staff shall not use cameras or camera phones to take pictures of students.

Volunteer Responsibilities on the Campus

- Be on time. Students and teachers are counting on you.
- Check with the campus for directions on parking.
- Always report to the office and sign in.
- Make note of emergency exits.
- Volunteers should support school staff and students. If you have a question regarding incidents, protocols, or procedures, do not hesitate to ask the teacher or an administrator. In order to respect and protect the privacy rights of students and staff, please do not discuss personnel matters and information regarding students with persons on or off the campus who do not have a valid need to know.
- Volunteers should refrain from expressing personal reactions or sharing personal opinions about what they see or hear in classrooms and on playgrounds, etc. to avoid inadvertently affecting adversely a student or other.

Classroom/Playground Management

Volunteers and staff are responsible for reviewing and understanding the campus, classroom, and playground expectations. These are campus specific. If you have questions, please consult with a campus administrator.

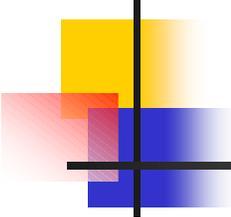

Use positive reinforcement as much as possible to promote appropriate behavior.

Children should never be left unattended. If you must leave, ask a neighboring teacher to oversee the class or notify the office for assistance.

Keys to Smooth Sailing

- Re-direct inappropriate behavior as needed. (ex. "Sue, please work quietly.")
- Acknowledge students who are exhibiting appropriate behavior. (ex. "I like the way Mike is keeping his hands to himself.")
